Dear Ladies and Gentlemen,

Welcome to the Annexation of Switzerland as a border  
by the Kingdoms of Elgaland-Vargaland.

I am Adrian Christopher Notz, the Ambassador of the Kingdoms of Elgaland-  
Vargaland for Zurich.

It is a great honour for me to present you my two Kings:  
King Michael I and King Leif I.

Today, on the 14<sup>th</sup> of may 2016, we,  
the Kingdoms of Elgaland-Vargaland will annex Switzerland as a border.

Because:

Switzerland is a border.

Switzerland is the inner border of Europe.

Switzerland is defined by borders.

Switzerland is the place with the most borders in the world, relative to its size.

Switzerland is sliced up by territorial borders:

the 5 national borders, the 26 state borders, the 184 district border,  
the 2352 community borders, the city borders, the quarter borders,  
the property borders, private and public borders.

Switzerland is formed by geographical borders:

mountains and valleys, rivers and lakes, fields and forests,

They create greatest architectural achievements of Switzerland:

Pass roads, railway tracks, bridges, tunnels and damms.

Switzerland is ruled by mental and spiritual borders:

the four language borders, the Röstigraben, the borders between countryside and  
cities, the borders between the alps and the midlands, the borders between the parties.

Switzerland struggles with borders:

the borders of democracy, the borders of neutrality and  
the borders crossed by financial transactions.

The most dominant border is the one in our heads,  
which we have been calling »the narrowness of Switzerland«

By annexing Switzerland as a border, we, the Kingdoms of Elgaland-Vargaland will  
finally create a real neutral space and  
open the swiss narrowness into a vast space of the in-between  
where our imagination is freed again.

I now ask my Kings to declare the annexation of Switzerland  
as a part of the Kingdoms of Elgaland-Vargaland.
